## SUPPORT REFUGEES

**SOLIDRINKS** is a Berlin-based social beverage project that supports local refugees' initiatives and that campaigns against discrimination and racism.

We develop unique soft drinks from fair trade ingredients. Our first trick is the delicious **SOLIMATE**, with organic cane sugar, natural caffeine and plenty of authentic yerba maté. **100% of our profits** support initiatives committed to the cultural, social and legal participation of refugees.

### With every sip of Solimate you currently support:

- + Women in Exile e.V.
- + Champions ohne Grenzen e.V.
- + KuB - Kontakt und Beratungsstelle für  
Flüchtlinge und Migrant\*innen e.V.
- + Bag Mohajer\_Bag for Good
- + Give Something Back to Berlin - OPEN MUSIC SCHOOL
- + Café Welcome im JUZ Mannheim in Selbstverwaltung
- + International Women Space
- + #BIKEYGEES e.V.

### Drink along!

**SOLISHOUT** – The labels on our bottles spread the messages of the initiatives we support and carry relevant political issues right into your conversation!
